Piosenka:

"Cloud"

If I could sit in a cloud and watch the world go by,
What would I see, What would I see
From up in the sky?

I would see the houses, I would see the trees,
I would see birds, I would see bees,
From up in the sky!

I would see the children playing in the sun,
See them all run, watch them have fun,
From up in the sky!
